

BACO

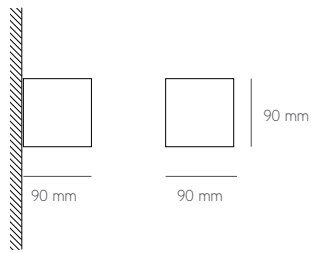

Aplique de parede com iluminação directa e indirecta. A conjugação de linhas simples, vários tamanhos em três acabamentos, bem como as características das fontes de luz disponíveis, tornam o Baco uma ferramenta potente e flexível ao serviço do lighting design.

Os apliques da série Baco oferecem fontes de luz potentes num formato extremamente compacto e discreto, permitindo iluminar uma superfície de parede surpreendentemente grande acima e abaixo da luminária.

EN Geometric design wall mounted luminaires with light output directed upwards and downwards. Clean lines, several sizes and finishes, as well as the different light source characteristics are combined in a powerful and flexible tool for lighting designers - Baco luminaires. The wall mounted luminaires of the Baco range feature powerful light sources in extremely compact, discreet packaging and are able to illuminate an extremely large area above and below the luminaire.

ES Aplique de pared con iluminación directa e indirecta. La conjugación de líneas sencillas, varios tamaños en tres acabados, así como las características de las fuentes de luz disponibles, hacen de Baco una herramienta potente y flexible al servicio del lighting design. Los apliques de la serie Baco ofrecen fuentes de luz potentes en un formato extremadamente compacto y discreto, permitiendo iluminar una superficie de pared sorprendentemente grande por encima y por debajo de la luminaria.

FR Applique murale avec éclairage direct et indirect. La combinaison de lignes simples, différentes tailles en trois finitions, ainsi que les caractéristiques des sources lumineuses disponibles permettent Baco un outil flexible et puissant au service du lighting design. Les appliques série Baco offrent de puissantes sources lumineuses dans un format extrêmement compact et discret, permettant l'illumination d'une surface murale étonnamment élevée au-dessus et en-dessous du luminaire.
